**Response to Office Action**

Sir:

This Response is filed addressing the issues raised in the Second Office Action dated November 15, 2005, regarding the above-noted application for patent. The Applicant submits that, in light of the remarks below and the requested amendments to the application, the application is in proper condition for allowance. The Applicant respectfully requests the examiner allow the amendments to the specification and claims and allow the patent to proceed to issue.

REMARKS

Examiner has again rejected Claims 1-3 by combining Troutman and Fish. While still maintaining the inapplicability of these prior art references to reject these claims, the Applicant has canceled Claims 1-3 and submitted Claims 4-5, as amended as rewritten in independent form including all the limitations of the base claim, i.e. Claim 3.
